

**CHAPTER 1**

**Introduction to Human Factors**

Introduction .....	1-1
Accidents and Incidents .....	1-2
Public Transport Accident Data.....	1-2
The Meaning of Human Factors.....	1-3
A Conceptual Model of Human Factors – The SHEL Model .....	1-4
Human Error .....	1-6
Pilot Error .....	1-7
James Reason Model .....	1-8
Confidential Human Factors.....	1-8
Incident Reporting Programme (CHIRP).....	1-8
Study Advice for Students.....	1-9
Learning Styles .....	1-9
Lecture and Revision Notes .....	1-9
Review of Notes.....	1-10
Methods of Learning .....	1-10
Revision Style .....	1-11
Revision Method .....	1-11
Relaxation.....	1-11
Sleep.....	1-12

**CHAPTER 2**

**Aviation Medicine - Respiration and Circulation**

The Atmosphere .....	2-1
Measurement of Atmospheric Pressure.....	2-2
The Standard Atmosphere .....	2-2
Physical Divisions of the Atmosphere .....	2-2
Gas Laws .....	2-4
The Human Need for Oxygen .....	2-5
Respiration.....	2-6
Inspiration and Expiration .....	2-7
Gas Exchange .....	2-7
The Carriage of Oxygen and of Carbon Dioxide .....	2-8
Control of Breathing .....	2-9
The Circulatory System.....	2-10
The Heart.....	2-10
Cardiac Output.....	2-12
The Vascular System .....	2-12
Composition of the Blood .....	2-12
Blood Circulation.....	2-13

**CHAPTER 3**

**Aviation Medicine - The Effects Of Altitude**

Introduction .....	3-1
Tracheal Air.....	3-1
Alveolar Air.....	3-2
Forms of Hypoxia .....	3-3
Oxygen Requirements .....	3-3
Summary of Oxygen Requirements .....	3-4
Hypoxia.....	3-4
Signs and Symptoms of Hypoxia .....	3-5
Stages or Zones of Hypoxia.....	3-6
Susceptibility to Hypoxia .....	3-6
Time of Useful Consciousness.....	3-7
Limitations of Time at Altitude .....	3-7

**CHAPTER 3 (Continued)****Aviation Medicine - The Effects Of Altitude**

Hyperventilation .....	3-7
Symptoms of Hyperventilation.....	3-8
Treatment of Hyperventilation .....	3-8
Hyperventilation or Hypoxia? .....	3-8
Cabin Decompression.....	3-9
Climb and Descent.....	3-10
Climb .....	3-10
Descent.....	3-10
Sinuses .....	3-10
The Ear .....	3-11
Prevention.....	3-11
Decompression Sickness.....	3-12
Re-Exposure .....	3-13
Treatment of Decompression Sickness.....	3-13
Flying and Diving.....	3-13

**CHAPTER 4****Aviation Medicine – Health and Hygiene**

Introduction .....	4-1
Joint Aviation Requirements .....	4-1
JAR-FCL and ICAO Annex 1 .....	4-1
Medical Fitness .....	4-1
Requirement for Medical Certificate .....	4-2
Aeromedical Disposition.....	4-2
Decrease in Medical Fitness .....	4-2
Fitness to Fly.....	4-3
Blood Pressure.....	4-3
Hypertension.....	4-4
Orthostatic Hypotension.....	4-4
Causes of Orthostatic Hypotension.....	4-4
The Effect of G Forces on Blood Pressure.....	4-5
Donating Blood.....	4-5
Coronary Heart Disease.....	4-5
Atherosclerosis.....	4-6
Risk Factors of Coronary Heart Disease .....	4-6
Reducing the Risk of Coronary Heart Disease.....	4-7
Detection and Treatment of CHD .....	4-7
Stroke.....	4-7
Anaemia.....	4-7
Obesity.....	4-7
Body Mass Index.....	4-8
Effects of Obesity .....	4-8
Exercise .....	4-9
Hypoglycaemia.....	4-9
Tropical Diseases.....	4-9
Water .....	4-9
Food.....	4-10
Diarrhoea .....	4-10
Cholera .....	4-10
Typhoid Fever .....	4-10
Amoebic Dysentery (Amoebiasis) .....	4-10
Diseases Transmitted by Insects .....	4-11
Insects and Insect Vectors .....	4-11
Mosquito-Borne Diseases .....	4-11
Malaria .....	4-11
Dengue Fever .....	4-11
Diseases Transmitted by Flies .....	4-12

**CHAPTER 4 (Continued)**  
**Aviation Medicine – Health and Hygiene**

Other Insects.....	4-12
Hepatitis.....	4-12
Immunisations.....	4-12
Rabies.....	4-13
Tobacco and Smoking.....	4-13
Carbon Monoxide.....	4-13
Nicotine.....	4-14
Drugs and Medication.....	4-14
General Health.....	4-14
Drugs.....	4-14
Allergic Reactions.....	4-15
Idiosyncrasies.....	4-15
Synergistic Effects.....	4-15
Alcohol.....	4-16
Unit of Alcohol.....	4-16
JAR-OPS 1.115 - Alcohol and Drugs.....	4-16
Recommended Limits for Alcohol.....	4-17
Alcoholism.....	4-17
Physical Problems Associated with Alcoholism.....	4-17
Alcohol and Sleep.....	4-18
Caffeine.....	4-18
Toxic Materials.....	4-18
Toxicology.....	4-18
Aviation Gasoline (AVGAS).....	4-18
JP4-JP5.....	4-18
Ethylene Glycol.....	4-18
Methyl Alcohol.....	4-19
Chlorobromo Methane (CBM).....	4-18
Halon.....	4-19
Hydraulic Fluid.....	4-19
Plastics.....	4-19
Mercury.....	4-19
Incapacitation.....	4-19
Fits and Faints.....	4-20
Epilepsy.....	4-20
Faint.....	4-20
Gastroenteritis.....	4-20
Acceleration.....	4-21
Short Term Acceleration.....	4-21
Long Term Acceleration.....	4-21
Radial Acceleration.....	4-22
Angular Acceleration.....	4-22
Motion Sickness.....	4-22

**CHAPTER 5****Aviation Medicine - Diet and Digestion**

Introduction .....	5-1
Carbohydrates and Fats.....	5-1
Fats .....	5-1
Proteins .....	5-2
Diet.....	5-2
Mineral Salts .....	5-3
Vitamins .....	5-3
Trace Elements .....	5-4
Water .....	5-4
Fibre.....	5-4
Digestion .....	5-4
The Alimentary Canal.....	5-5
Mouth .....	5-5
Teeth.....	5-5
Salivary Glands.....	5-5
Digestion in the Mouth .....	5-5
Pharynx and Oesophagus.....	5-5
Swallowing .....	5-5
Stomach.....	5-5
Digestion in the Stomach .....	5-6
Small Intestine.....	5-6
Digestion in the Small Intestine .....	5-6
Large Intestine .....	5-6
Functions of the Large Intestine.....	5-7
Defaecation.....	5-7

**CHAPTER 6****Aviation Medicine - Metabolism, Excretion And Heat Regulation**

The Liver .....	6-1
Functions of the Liver.....	6-1
Pancreas.....	6-1
Insulin.....	6-1
Excretion and Regulation of Body Fluids .....	6-2
The Skin.....	6-2
Functions of the Skin.....	6-2
The Kidneys.....	6-2
Functions of the Kidneys.....	6-2
Micturation .....	6-2
Body Heat Regulation .....	6-3
Heat Production .....	6-3
Heat Loss .....	6-3
Fever.....	6-3
Heat Stress .....	6-3
Cold Stress .....	6-4
Climate and Heat Loss.....	6-4

**CHAPTER 7****Aviation Medicine - The Eye**

Introduction .....	7-1
Anatomy and Physiology of the Eye .....	7-1
Visual Acuity .....	7-3
Clarity of Vision .....	7-3
Depth Perception .....	7-4
Distance Estimation and Depth Perception.....	7-4
Stereoscopic Vision .....	7-4
Binocular Cues.....	7-4
Monocular Cues.....	7-4
Geometric Perspective.....	7-5
Motion Parallax .....	7-5
Retinal Image Size .....	7-5
Known Size of Objects.....	7-5
Increasing or Decreasing Size of Objects .....	7-6
Terrestrial Association .....	7-6
Terrestrial Distance of Objects Used to Determine Distance .....	7-7
Overlapping Contours or Interposition of Objects .....	7-7
Aerial Perspective .....	7-7
Emmetropia.....	7-8
Myopia (Short Sightedness).....	7-8
Hypermetropia (Long Sightedness) .....	7-8
Presbyopia .....	7-8
Astigmatism .....	7-9
Spectacles .....	7-9
Contact Lenses .....	7-9
Radial Keratotomy .....	7-9
Colour Vision and Colour Blindness.....	7-10
Night Vision.....	7-10
Light Adaptation .....	7-11
Saccadic Eye Movement.....	7-11
Empty Field Myopia .....	7-11
Sunlight and its Effect on the Eyes .....	7-12
Glare .....	7-12
Sunglasses .....	7-12
Flickering Light.....	7-12

**CHAPTER 8****Aviation Medicine – Visual Illusions**

Introduction .....	8-1
Spatial Orientation.....	8-1
Spatial Disorientation .....	8-4
Prevention of Spatial Disorientation .....	8-5
Illusions Leading to Landing Errors .....	8-5
Width of Runway .....	8-6
Approach.....	8-6
Runway Gradient and Terrain .....	8-7
Normal Approach .....	8-7
Runway Slopes Up.....	8-8
Runway Slopes Down .....	8-8
Ground Sloping Down to the Runway .....	8-8
Ground Sloping Up to the Runway.....	8-9
Visual Illusions in the Air .....	8-9
Lean on Cloud.....	8-9
Lean on Sun.....	8-10
Black Hole Effect.....	8-10
Visual Factors at Night .....	8-11
Rain on the Windshield .....	8-11
Reaction Time .....	8-12
Visual Acuity .....	8-13
Blind Spot.....	8-13

**CHAPTER 9****Aviation Medicine - The Ear - Hearing and the Vestibular System**

Introduction .....	9-1
Middle Ear .....	9-1
Noise.....	9-2
Effects of Noise.....	9-2
Conductive Deafness .....	9-3
Cochlea .....	9-3
Noise Induced Hearing Loss (NIHL).....	9-3
Protection Against Noise.....	9-3
Presbycusis.....	9-4
Vibration.....	9-4
The Vestibular System .....	9-4
Semi-Circular Canals .....	9-4
Otoliths.....	9-6

**CHAPTER 10****Aviation Medicine – Vestibular Illusions**

Illusions of Vestibular Origin.....	10-1
The Leans.....	10-1
Somatogravic Illusion.....	10-2
The Somatogravic Illusion in Yaw and Roll.....	10-2
Somatogravic Illusion in Pitch.....	10-4
G-Excess Illusion.....	10-6
The Oculogravic Illusion.....	10-6
Elevator Illusions.....	10-7
False Perception of Angular Motion – Vertigo.....	10-8
Somatogyral Illusion.....	10-8
Oculogyral Illusions.....	10-9
Illusions due to Cross-Coupled (Coriolis) Canal Stimulation.....	10-10
Pressure Vertigo.....	10-10
Summary of Disorientation.....	10-10
Prevention.....	10-10
Practical Advice to Flight Crew.....	10-11
Practical Advice on how to Cope with Spatial Disorientation when it Occurs.....	10-12

**CHAPTER 11****Aviation Medicine – High Altitude Environment**

Introduction.....	11-1
Radiation.....	11-1
Risk to Flight Crew.....	11-2
Ozone.....	11-2
Humidity.....	11-2
Water Vapour.....	11-2
Relative Humidity.....	11-2
Humidity Control.....	11-3
Pressurisation.....	11-3
Pressurised Cabins.....	11-3
Advantages of Pressurised Cabins.....	11-3
Disadvantages of Pressurised Cabins.....	11-3
Aircraft Oxygen Systems.....	11-4
All Aeroplanes on High Altitude Flights.....	11-4
Oxygen Regulator.....	11-5
Oxygen Masks.....	11-5

**CHAPTER 12****Sleep**

Introduction .....	12-1
Fatigue .....	12-1
The Danger of Fatigue .....	12-1
Vigilance Effects.....	12-2
Causes of Pilot Fatigue .....	12-2
Symptoms of Pilot Fatigue .....	12-2
Sleep and Sleep Deprivation.....	12-3
Sleep Credit/Deficit .....	12-4
Sleep.....	12-6
Sleep Disorders.....	12-7
Sleep Loss and Microsleep .....	12-7
Insomnia .....	12-7
Sleepwalking and Sleepwalking.....	12-7
Sleep Apnoea.....	12-7
Narcolepsy .....	12-8
Sleep Hygiene.....	12-8
Napping.....	12-8
Drugs .....	12-8
Sleeping Tablets .....	12-8
Melatonin .....	12-9
Circadian Dysrhythmia – Jet Lag .....	12-9

**CHAPTER 13****The Nervous System**

Introduction .....	13-1
The Central Nervous System .....	13-1
Brain.....	13-2
Spinal Cord .....	13-2
The Peripheral Nervous System .....	13-3
Sensory Nerves.....	13-3
Motor Nerves.....	13-3
Autonomic Nervous System .....	13-3

**CHAPTER 14****Stress**

Introduction .....	14-1
Stress .....	14-1
Effects of Stress .....	14-2
Stress is Cumulative .....	14-2
Psychological Stressors .....	14-4
Motivation and Performance .....	14-6
Physical and Psychological Stress Reactions.....	14-7
Physical Stress Reactions.....	14-7
General Adaptation Syndrome (GAS).....	14-7
Psychological Stress Reactions .....	14-8
Domestic Stress.....	14-8
Clinical Effects of Stress .....	14-8
Coping Skills .....	14-9
Stress Management.....	14-10

**CHAPTER 15****Human Information Processing**

Introduction .....	15-1
Sense .....	15-1
Sensory Memories .....	15-2
Perception .....	15-2
Confirmation Bias .....	15-3
Central Decision Making and Response Selection .....	15-3
Ultra-short Term Memory .....	15-3
Cocktail Party Effect .....	15-4
Working Memory or Short Term Memory .....	15-4
Short Term Memory and its Limitations .....	15-5
Environment Capture .....	15-5
Long Term Memory and its Limitations .....	15-6
Motor Memory .....	15-6
Action Slip .....	15-7
Response Execution .....	15-8
Attention .....	15-8
Selective Attention .....	15-9
Divided Attention .....	15-9
Stress and Attention .....	15-9
Overload .....	15-9

**CHAPTER 16****Situational Awareness**

Introduction .....	16-1
Situational Awareness .....	16-1
Building Situational Awareness .....	16-1
Personal Factors Affecting Situational Awareness .....	16-2
Three Levels of Situational Awareness .....	16-3
Situational Awareness Level 1: Monitoring .....	16-3
Situational Awareness Level 2: Evaluating .....	16-3
Situational Awareness Level 3: Anticipating .....	16-4
Pilot Considerations .....	16-4
Briefing/Debriefing .....	16-4
Conflict Resolution .....	16-4

**CHAPTER 17****Communication**

Introduction .....	17-1
Effective Communication .....	17-1
The Cost of Effectiveness .....	17-1
Results of Poor Communication .....	17-2
Types of Communication .....	17-2
Written Communication .....	17-2
Visual and Pictorial Ambiguity .....	17-3
Social Skills .....	17-3
Body Language .....	17-3
Verbal Communication .....	17-4
Listening .....	17-5
Non-Verbal Response .....	17-7
Verbal Response .....	17-7
Closed Question .....	17-7
Open Question .....	17-7
Leading Question .....	17-8
Limiting Question .....	17-8
Understanding .....	17-8
Active Listening .....	17-8
The Art of Effective Listening .....	17-9
Metacommunications .....	17-9
Status, Role and Ability .....	17-9
Status .....	17-9
Role .....	17-9
Ability .....	17-10
Atmosphere .....	17-10
Communication Summary .....	17-10

**CHAPTER 18****Decision Making**

Decision Making Process .....	18-1
Reaction to Decision Making .....	18-1
Making and Taking Decisions .....	18-2
Decision Making Models .....	18-2
Group Versus Individual Decision Making .....	18-4
Influences on Decision Making .....	18-4
Summary .....	18-5

**CHAPTER 19****Behaviour and Motivation**

Response Behaviour .....	19-1
Skill Based Behaviour .....	19-1
Rule Based Behaviour .....	19-1
Knowledge Based Behaviour .....	19-2
Feedback .....	19-2
Motivation .....	19-2

**CHAPTER 20****Personality and Behavioural Styles**

Introduction .....	20-1
Working Relationships .....	20-1
Intelligence .....	20-2
Personality .....	20-2
Assessment .....	20-2
Behaviour .....	20-2
Self Opinion (The Self Concept) .....	20-3
Defence Mechanisms .....	20-3
Denial .....	20-3
Introversion and Extroversion .....	20-4
Behavioural Styles .....	20-4
Assertive Behaviour .....	20-5
Case for Assertiveness .....	20-6
Body Language .....	20-7
Assertive Behaviour .....	20-7

**CHAPTER 21****Leadership / Followership**

Introduction .....	21-1
Leadership Qualities .....	21-1
Leadership Skills .....	21-1
The Person Goal (P/G) Model .....	21-2
Leadership - The Leader .....	21-4
Qualities Approach .....	21-4
Situations Approach .....	21-4
Effective Leadership .....	21-5
Attitudes to Leadership .....	21-5
Ineffective Leadership .....	21-6
The Flight Deck Authority Gradient .....	21-7
The Autocratic Flight Deck .....	21-7
The Laissez-Faire Flight Deck .....	21-7
The Synergistic Flight Deck .....	21-7

**CHAPTER 22****Error and Error Chains**

Introduction .....	22-1
The "Error Chain" .....	22-1
Links in the "Error Chain" .....	22-2
Breaking the "Error Chain" .....	22-3
Levels of Human Error .....	22-4
Correction of Human Error .....	22-4
Group Attitudes .....	22-5
SHEL Model Interfaces .....	22-5

**CHAPTER 23****Automation**

Introduction .....	23-1
Head Up Displays .....	23-2
Audible Presentation .....	23-2
Flight Crew Functions .....	23-3
Human Factors Concepts in Design.....	23-3
Common Problems with Automation.....	23-3
Industry Requirements .....	23-4
Flight Crew Responsibilities .....	23-5
Automation Summary.....	23-5

**CHAPTER 24****Learning and Learning Styles**

Introduction .....	24-1
The Learning Cycle.....	24-1
Flexible Learning.....	24-4

**CHAPTER 25****CRM & MCC**

Introduction .....	25-1
What is CRM? .....	25-2
Why CRM Training?.....	25-2
CRM Loop.....	25-3
Multi-Crew Co-operation (MCC).....	25-4
