VOMEX^{LLC}

Self-deploying, Hands-free Emesis Bags

DIMINISHES EXPOSURE & REDUCES CLEAN-UP COSTS

VOMEX is an innovative self-deploying, hands-free emesis bag, different from any other product on the market. Vomex's catch-all capabilities diminish the exposure of bodily fluids and reduces the clean-up costs of decontamination. Vomex's fast deploying mechanism makes it into an instant waste disposal container immediately, a 'must' when the need arises.

VOMEX

THEIRS

Vomex / Features

- Self-Deploying
- Hands-Free
- Larger Opening / Catch-All
- Holds Larger Volume
- Compact Size
- Sealable Straps for Easy Disposal

Theirs / Features

- No Self-Deployment
- Difficult to hold when in motion or impaired
- Smaller Opening / Easy to Miss
- No Disposable Sealing mechanism/ To Prevent Spillage

"Imagine an emesis bag that the patient or the caretaker does not have to hold (during treatment or transport).

*Results show that using **Vomex**, has significantly reduced the clean-up costs of taking units out of service for decontamination.*

Also, it has diminished the exposure factor to our medics.

***Vomex** should be a 'must' in every EMS unit."*

Marcos de la Rosa, Fire Chief, City of Coral Gables Fire Department
